

5000 RADIUS RAMP DOORS

With continuous design and updated features, our ramp perfectly enhances the toy hauler. Our spring system eliminates the need for cables. Two persons accomplish installation in as little as 5-7 minutes: a significant labor savings. Please ask your Sales Representative for various weight ratings.

Core Thickness is 1.625"

OPTIONS INCLUDE:

- Traditional square corner or 7.75" radius corners
- Mill finish or white powder coat aluminum trim
- TPO, Spray-On Tough Coat, or raw interior surfaces are available
- Use in conjunction with our optional integrated door locks
